

Health & Sale Agreement

To the best of our knowledge, every precaution has been taken to insure that your new pet is healthy. Buyer agrees to have dog examined by a licensed veterinarian within 48 hours of the time pup is received to verify its health. If your pet is found to be unsound, please contact us immediately following the veterinary visit to inform us of any detection regarding a life threatening defect. A written-SIGNED assessment by your veterinarian will be provided to us and if the seller's veterinarian agrees with the report, the puppy shall be replaced with another companion puppy. Should the buyer decide to keep the dog, despite health issues, any/all costs for the dog's future care will be assumed by the buyer. The seller assumes no responsibility for this pet if it is not checked by your vet and reported to us within the 48-hour timeline. Please keep in mind, all of our puppies are thoroughly examined by a veterinarian, and shots and worming are up to date upon delivery, however, your pup will still need future boosters, rabies, etc.. Dr. Steve Koehler, DVM is our veterinarian and his phone number is (502) 245-9311 should you want further information/references. Your puppy is guaranteed against any life threatening genetic defect for three years.

The buyer and seller of the puppy agree that the buyer is responsible for any/all vet charges after the date of purchase, including any incurred because of genetic/inherited defects. The buyer is also responsible for any shipping expenses of a replacement or returned puppy. Hypoglycemia is not covered by this warranty.

All of our dogs are AKC registered and puppies sold as pet companions will be marked limited on their registration. Buyer agrees to spay/neuter pet at 6 months of age or at least prior to 6½ months of age. If puppy is not altered, with vet verification sent to seller, warranty is void and puppy will not be registered with AKC. Spaying and neutering costs and any additional fees arising from these procedures, including undescended testicles, are the responsibility of the buyer.

Buyer agrees that dog will be raised as a house dog and provided with all necessary health care by a licensed veterinarian, including all remaining puppy vaccinations, yearly vaccinations/wormings/rabies. Buyer also agrees that puppy will not be taken into any public situations, i.e., Petsmart, groomer, dog parks, etc. until puppy has received his/her 16 wks checkup and all puppy vaccinations. Rabies is given after 6 mos.

A non-refundable down payment of \$200.00 is required to reserve the puppy of your choice. The balance is required 10 days prior to receiving/delivery of your pet. No other warranties or guarantee, expressed or implied, are made under this contract except those stated in this contract. This sales contract is non-transferable and should buyer relinquish ownership, contract is then null and void.

We strive to present you with a healthy, well socialized, adorable puppy as near as possible to the characteristics you expressed to us that you would like in a puppy. Thank you for letting us find that special puppy that will become a part of your family.
